Name, Title of the Nominee	
Name, Title of the Nominating Researcher/ Host	
Host Institute at KIT or University of Stuttgart	

Please answer the following questions in the order given to produce a 1 - 2-page expert opinion.

1. SCIENTIFIC PROFILE OF THE NOMINEE

<Please summarize briefly the scientific career of the nominee. Consider the following points: Dedication, mobility, breadth of specialization, academic productivity, future potential. Do you know the nominee personally or are you in contact with anyone at her/ his current institute? How do you rate the quality of the nominee’s key publications? Please consider the following aspects: Originality, innovativeness, impact on the continued development of the field, candidate’s personal contribution (multiple authorship).>

2. STATE OF THE COOPERATION

<Please give a short description of your Institute's relationship with the nominee. How did the cooperation start and how has it developed so far? How does the nominee fit to the research strategy of your research group/ your institute and KIT/ University of Stuttgart and Innovation Campus Future Mobility in general? What specific contributions has the nominee made so far to your Institute's research work? Please mention some notable milestones and joint breakthroughs (if possible).>

3. FUTURE PLANS AND STRATEGIC POTENTIAL FOR KIT OR UNIVERSITY OF STUTTGART AND THE INNOVATIONCAMPUS FUTURE MOBILITY INSTITUTE

<Please describe how the research stay will help to further strengthen the cooperation between the nominee and the nominating Institute or research group. Please name specific activities, topics, work plans. Please indicate how the proposed research stay will promote the internationalization strategy of KIT/ University of Stuttgart and Innovation Campus Future Mobility in general (e.g. through fostering strategic partnerships or regional research networks, creating synergies and clusters, initiating multidisciplinary research projects).>

4. DECLARATION

I hereby confirm that the details provided are correct and complete. I also confirm that I acknowledge the Privacy Policy of the partners KIT and University of Stuttgart. In addition, I agree that Innovation Campus Future Mobility may contact me for evaluation and follow-up purposes.

I assure that if sponsorship is granted, the researcher will be subject to the same safety and occupational health conditions as other researchers working at the Institute. I will act as the nominee's host and guarantee both academic supervision of the research stay and observation of the rules of good scientific practice of KIT and University of Stuttgart as well as of legally binding principles of scientific ethics in the context of supervision.
