

## Outline of the Joint Research Project

### “Short-term Grants for International Collaborations”

Funding Measure “Future Mobility Grants”  
of the InnovationCampus Future Mobility  
under the Partnership of University of Stuttgart and  
the Karlsruhe Institute of Technology (KIT)

The outline has to be written in English. All parts must be completed.

Name, Title of the Nominee	
Name, Title of the Nominating Researcher/ Host	
Host Institute at KIT/ University of Stuttgart	

The outline of the joint research project or collaborative activities must be, as a rule, provided by the nominee and agreed with the nominating researcher or host prior to applying. Please keep in mind the following requirements:

- The current state of research/collaboration should first be described briefly.
- Clear description of the research questions to be examined, their originality and significance for the advancement of the research field.
- Clear description of the academic methods to be used to achieve these goals, documented by references where necessary.
- A preliminary funding plan and schedule should be added.
- The research outline should not exceed three pages.
- The research outline should be attached to this document in one pdf file.
- In addition, the topic and the aim of the research project should be summarized in one sentence (no more than 40 words, understandable for non-specialists).
